Town of Beech Mountain, North Carolina

FY: 2021-2022 Budget Message

Dear Mayor and Town Council Members:

I am pleased to submit for your consideration the proposed budget for Fiscal Year 2021-2022. This budget meets the direction provided by the elected officials at the Town Council January 28, 2021 Budget Retreat. This proposal is aggressive in addressing the Town's aging infrastructure as well as providing essential services to the residents and visitors to the Town.

This proposed budget meets all requirements of the North Carolina Local Government Budget and Fiscal Control Act.

OVERVIEW

The Town of Beech Mountain's Total General Fund Budget for FY 2021-2022 is \$9,285,316, which includes \$2,231,127 of capital expenditures designated almost entirely to Roads and Infrastructure improvements. This is an increase of 19.63% from the previous fiscal year.

TOWN SERVICES

The Town of Beech Mountain remains committed to providing all the existing services for FY 2021-2022 to include Police, Fire and Basic Life Support Emergency Medical Services, Administration, Finance, Tax Collections, Planning and Zoning, Building Permitting and Inspections, Code Enforcement, Public Works, Road and Right of Way maintenance, Solid Waste and Recycling, Parks and Recreation, Tourism and Economic Development. All services are proposed to continue at current service delivery levels with increases in Solid Waste / Recycling and Road Maintenance.

GENERAL FUND

The proposed tax rate for fiscal year 2021-2022 remains at \$.0732 per \$100 of valuation. This rate is based upon a tax valuation of \$547,622,737.00 and a 98% tax collection rate.

SALARIES AND BENEFITS

This proposed budget includes a 2% Cost of Living increase and a 1-3% Merit raise based upon an individual employee's performance. The Employee Medical Insurance plan, Med Cost with the NCLM, was adopted by the Town in FY 2019-2020 at a savings of \$132,000, employee contribution for dependent care was raised at that time to offset the cost to the Town, this proposal sets the employee contribution for dependent care at 20% of premium.

The North Carolina State Retirement has increased for General Employees from 10.15% to 11.35% and for Law Enforcement Officers from 10.84% to 12.04% of gross pay.

CAPITAL EXPENDITURES

General Fund

This proposal is identical to the FY 2020-2021 Budget in that all Capital Expenditure are listed separately outside of the actual operating expenses. I offer this format to define clearly, in a more cogent and transparent manner, the actual capital expenditures and operating expenses of the Town Budget.

The following amounts are included under the Capital Expenditure Section and are listed under Administration Account 10.410-9105 "Transfer to Capital Projects".

\$155,000	Excavator, Trailer and Vehicle to begin a dedicated program of structure service line replacement.

\$12,000	Replacement of drainage Culverts required before road maintenance and paving.
\$1,013,075	Paving to include areas after waterline repairs, based upon the Paving Management Plan for upgrades and maintenance. Road list is flexible

ADMINISTRATION

Implemented a comprehensive financial accounting and planning model to more precisely account for the future financial needs of the Town with a goal to plan well into the future. The model is a dynamic tool to be used on a regular basis to better determine the financial needs and funding methods well into the future. Funding is included for a Municipal Election to be held November 2, 2021.

PARKS AND RECREATION

Requesting one additional full-time Outdoor Recreation Specialist to meet the increased needs for development and maintenance of additional facilities brought on-line. Some projects include, Lake Coffey Restroom, Shane Park, Bark Park Playground, Elder Ridge Trail System, Forked Trail development, relocation of the Sledding Hill as well as an increase in use and demand of the Parks and Recreation facilities by the public.

PLANNING AND BUILDING INSPECTIONS

Requesting one additional full-time Building Inspector due to the dramatic increase in building construction.

PUBLIC WORKS DEPARTMENT

Requesting a full-time Receptionist to facilitate the management of the new Public Works facility which will come on-line in June 2021, reassignment of an existing employee to a Senior Support Specialist for data management and inventory control, as well as further implementation of the DUDE asset management system. Requesting two full-time Maintenance Worker positions to handle the increasing infrastructure maintenance and repair requirements.

Funding is included to begin the engineering and plan development for a 30-million-gallon freshwater reservoir at the Lake Coffey/ Lake Santis site.

UTILITY TAPS & SYSTEM

Funding is provided to continue with the multi-year replacement of water service lines as well as response to emergency repairs.

SANITATION

Changes to both the Commercial and Residential Fee Schedules to increase revenues based upon a 100% increase in Tipping fees by Watauga County.

Continue with the Placard Control System at the Convenience Center to better control access and costs. Reduced Convenience Center Operating hours to six days per week, eight hours per day to save two full-time positions at a cost of \$88,000.00.

Recommend a Franchise to Republic Services for the collections and disposal of all Commercial Solid Waste.

Recommend a twice per week curbside solid waste pickup schedule to all single-family residences.

Implementation of the Bear Resistant Trash Bin requirement for all Short-term rentals.

EMERGENCY MEDICAL SERVICES

This proposed budget does not include funding for improvement to the Emergency Medical Service (EMS) Advanced Life Support (ALS) system, however, I anticipate with a reduction in actual expenditures as well as increased revenue from multiple sources, this project can be successfully addressed during the second quarter of the fiscal year.

CONCLUSION

The Town Council held a comprehensive Budget Retreat on January 28, 2021 setting the priorities and goals for this budget proposal, the emphasis was towards an aggressive program to maintain and improve the aging infrastructure of the Town while maintaining the high levels of service and quality of life the taxpayers have come to expect. I believe this proposal meets those needs and direction. The COVID-19 Pandemic is rapidly changing to a more open and accessible return to Town operations, I expect the Town to continue the recovery as well as moving forward with the aggressive improvement plans that have been established.

I want to personally thank the Mayor and Council Members for their guidance and support during this time with the preparation of this budget, it has been challenging with remote meetings and restricted access for the public at large. This proposal is a collective work of all Department Directors, Team Leaders and especially the Finance Director, Steve Smith, who provided the needed historical perspective, expertise, and counsel. I submit this proposed budget for your consideration.

I am prepared to discuss the specifics of this proposal at any time, please call with any questions.

Sincerely,

Bob Pudney, Town Manager June 8, 2021

335-0004 Hold Harmless

Copied from the Sales and Use Tax Distribution report

City Hold Harmless – Counties are required to hold eligible municipalities in each county harmless from the repeal of Article 44 previously received by eligible municipalities.

Calculations are made to approximate the amount of Article 44 tax previously received by eligible municipalities.

Effective October 1, 2008, the City Hold Harmless portion of the Distribution was calculated to provide eligible municipalities a replacement amount for the 0.25% of Article 44 that was repealed. Effective October 1, 2009, the calculation for the City Hold Harmless portion of the Distribution was changed to provide eligible municipalities a replacement amount for the final 0.25% of Article 44 that was repealed. Each month when we closeout, we split the total local Sales & Use Tax collections into the various total components. These components are then calculated for each county.

This allocation is for the countywide level. Next, depending upon the county's distribution method, Per Capita or Ad Valorem, the portion of each county's share of each Article is then split between the county government and the municipalities in that county

2021-2022

Parks and Recreation vehicle - Jeep Liberty The Jeep has become unsafe to drive and continues to have rising maintenance costs. The underbody of the vehicle has rusted out and the repairs

are expensive to keep the vehicle running. The department needs a reliable vehicle for daily use for event set-up, meetings, classes, trips,

Boat Rack and new Kayaks To replace old kayaks and build new rack system by fire pit (grant awarded by TDA 3/21)

Trail Maintenance Grant money to maintain trails/trailheads, funded by TDA 3/21

Shane Park enterance sign TDA grant money to build a sign for Shane Park next to the parking lot (Funding awarded by TDA 5/2021)

Mud Run event TDA grant money to build obstacles and items for an off season mud run event (Funding awarded by TDA 5/2021)

Dog Park/Sledhill bathroom facility Funded being requested by TDA. This bathroom facility will be a multi-purpose building. Bathrooms to serve summer guests at dog park and playground

and winter time sled hill. It will also be a ticket booth for future events and offerings and a storage unit for sled hill material

Paving for Public/Sled hill parking Funding being requested from TDA. Paving this lot would help the beauty of the mountin along with make a parking area that is better for maintenance

and clearing during winter months

Picnic Table/Bench upgrade Funding being requested from TDA. Update all tables and benches at parks and overlooks to a recycled plastic item. These are eco-friendly and have a much

longer lifetime than wood.

Sled Hill Fencing Funding being requested from TDA. Building the new sled hill, we must fence in the area for protection of users and to place pads.

Tank Plumbing for sled hill water supply Funding being requested from TDA. The sled hill has used town processed water in the poast, this is a way to use well water that refills a tank, providing

much less cost to the town and not wasting valuable resrouces.

EMS Driveway Providing emergency vehicles access to helicopter landing zone (ballfield). Replacing the sand and drainage

Security System at Shane Park This will provide security cameras at building and parking lot, along with internet on site.

2022-2023

Tennis/Basketball court AC unit The gym in the summer time has become extremely hot for users and even the windows being open does not provide enough cooling.

We will monitor the summer of 2020 the temperature and humidity levels. We will use both exhaust and floor fans to make improvements

along with surveying user experience.

Summer Dry Sledding New recreation amenity for families/visitors. Gives sled hill a purpose in the summer to generate revenue and attract visitors.

UTV/Trailer - \$19,000 Current UTV needs to be replaced. High maintenance expense for drivetrain and electrical work in vehicle

2023-2024

Resurface gym flooring The floor is 16 years old, it needs a resurface with new lines painted and cracks sealed

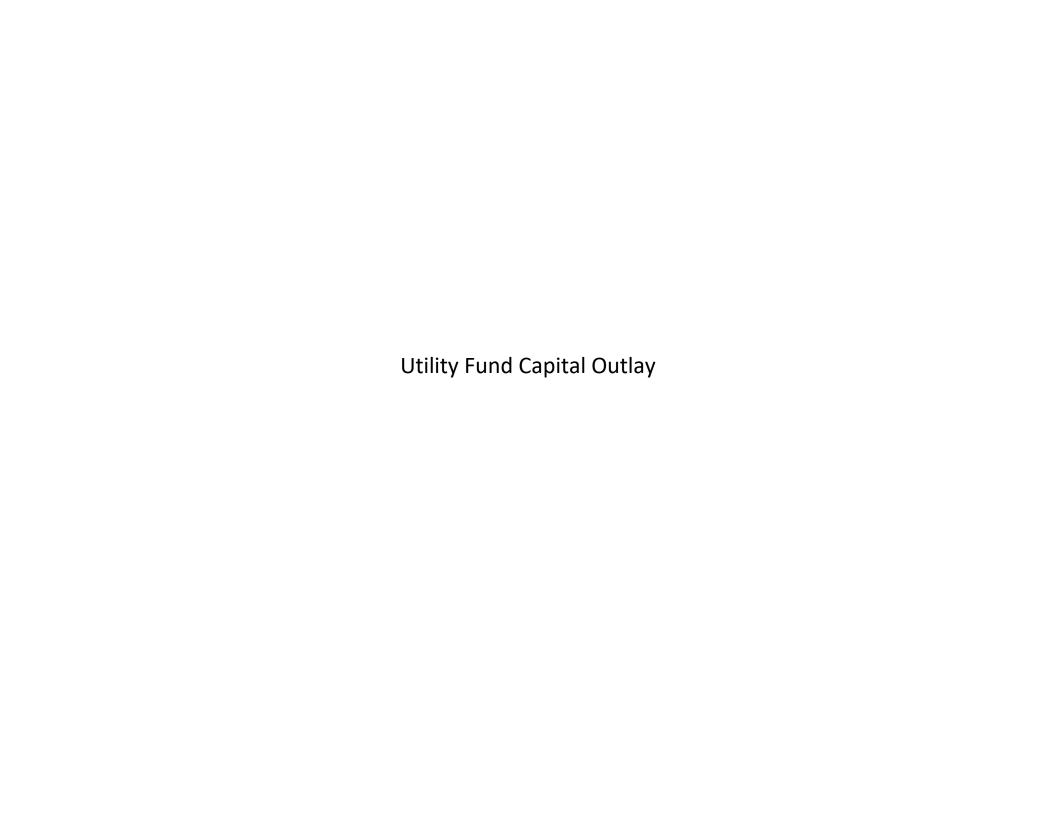

Cardio Equipment on Finance Our 4 year agreement will end, need to update cardio equipment in weight room

Recreation Trail Project Grant (25% match of a \$100k grant for total \$125,000)

New Outdoor crew storage building Lake Coffey building needing to be replaced if two lakes (Santa's and Coffey) are combined

2025-2030

Splash Pad Adding new recreation opportunities for residents and visotrs. Splash Pad is a great alternative to having a pool. Facility Expansion - PARTF project As facility use continues to grow, we need to expand the weight room and look to build stand-alone Pickleball courts.

Additional Budget Justification

2019-2020

2020-2021

The current backup radio (Motorola) is 10 years old and unreliable.

2021-2022

E911 Phone System - Mobile Communications-Dependent on **

5-year contract with annual cost of \$27,953.56. (Funds will come directly from the State 911 Commission. If Approved. We have funds in our reserves that will help cover the cost.) The new system will replace our current 12 + year old system.

Continuing with this project. COVID has delayed the completion.

** Free 911 Phone System from the NC 911 Board / Commission

The phone system above is being offered to PSAP's (Public Safety Answering Point) at zero cost to a County or a Municipality. But, in order to receive this free system we will be required to join the NC ESInet and 911 Hosted Phone System. The 911 Hosted System essentially means that we will not have any 911 Phone Servers onsite. They will be regulated, maintained, and 24/7 monitoring strictly by the NC 911 Board offsite. All funds that we would receive for 911 Phone Operations would then be withheld to fund the 911 Hosted System. GIS and Mapping will no longer be covered by 911 Fund and

will be the only component that the Town will have to fund.

Upgrade the CAD, MDS, PRO QA, and 24/7 Alpha Numeric Paging

Replacing aging computers, monitors, keyboards, mouse, and etc.. Replace the chairs that are worn out.
